

**REMARKS**

Claims 18, 19, 21, 22, 24, 25, 31, 33-45, and 48-50 stand rejected on the grounds of nonstatutory obviousness-type double patenting over claims 1-16 of U.S. Patent No. 7,499,757; claims 10-18 of U.S. Patent No. 7,418,298; and claims 1-21 of U.S. Patent No. 7,499,759. By this response, the applicant cancels claims 51-65 without prejudice. Without acquiescing to these rejections, to expedite allowance of the pending claims, a terminal disclaimer is submitted with this response to overcome the outstanding double patenting rejections. Accordingly, withdrawal of these rejections and allowance of the pending claims is respectfully requested.

Respectfully submitted,

FAEGRE & BENSON LLP

Dated: September 24, 2009
